

EU environmental policy post-Covid 19

Aurel CIOBANU-DORDEA

Director – Compliance, Governance & Support to Member States

DG Environment

European Commission

The European Green Deal

Political compass

- Addressing the climate and biodiversity crises
- Recovery, resilience & strategic autonomy: the green transition
- Societal needs: just transition and the inter-generational burden sharing

What to expect - 1

Accelerating the transition to a circular economy

- Sustainable products & green claims
- Plastics
- Chemical substances
- Packaging and packaging waste
- End-of-life vehicles

What to expect - 2

Protecting and restoring biodiversity

- Nature restoration
- Wildlife
- Pollinators

**What to
expect - 3**

Towards zero pollution

- Industrial emissions
- Water
- Air quality

What to expect - 4

Economic and financial instruments

- Recovery & Resilience Facility
- Taxation
- Taxonomy
